

Jeffrey Lee Williams Foundation
Carbon Monoxide (CO) SAFE SC

Equipment Request Form

Please print clearly for quicker processing.
Requests are accepted throughout the year and evaluated on a quarterly basis:
March 31, June 30, September 30, and December 31.
Requests must be received prior to these dates for consideration.

Date: _____

Name of agency/department requesting equipment:

Contact Name: _____

Phone number: _____

Email: _____

Physical mailing address (No P.O. Boxes): _____

Has this agency/department previously received equipment from Jeffrey's Foundation? _____

Equipment Request

Please answer the following questions before completing the request:

Will you install the CO alarms for your citizens? _____

Do you have the ability and access to install smoke alarms with these CO alarms?

Our goal as a foundation is to donate carbon monoxide alarms that you will install in your community during an upcoming blitz or to have an adequate supply to meet the demand from residents. Currently we donate Kidde 10-Year Worry Free lithium battery with digital display.

Number of carbon monoxide alarms requesting (max 100 units): _____

We also see the value of always-on carbon monoxide monitors. Currently, we donate MSA ALTAIR carbon monoxide monitors with a two-year lifespan. Please let us know how many your agency could use for non-fire related calls for service.

Number of always-on carbon monoxide monitors requested (minimum 2 units): _____

Return form by email: jeannie@jeffreysfoundation.org
