# Vision 20/20

*National Strategies for Fire Loss Prevention*

May 7, 2017

Josh Fulbright, Section Chief  
Community Risk Reduction  
Office of State Fire Marshal  
141 Monticello Trail  
Columbia, SC 29203

Dear Josh,

I am pleased to offer this letter as a statement of support from Vision 20/20 for your efforts in community risk reduction for creating a “Fire Safe South Carolina.”

You know well, and demonstrate for others, the value of identifying risks to public safety, and developing strategies to prevent them and/or mitigate their damage to any community. You also exemplify the values associated with creating partnerships in support of these CRR efforts, recognizing the “force multipliers” that result from joining together in a common cause for public safety.

We are proud to be associated with South Carolina’s efforts, and look forward to assisting you in any way we are able. And we look forward to sharing your results with others to stimulate further progress in community risk reduction efforts nationwide.

Best Regards,

Jim Crawford
