

Indoor Holiday Decor

Safety Tips

- Smoke alarms should be installed in every bedroom, outside each sleeping area, and on every level of the house.
- Share your home fire escape plan with your guests.

Children

Keep these out of reach:

- Decorations with small parts
- Matches, lighters, and candles
- Breakable or sharp decorations

Electric Safety

- Make sure any lights or cords used inside are rated for indoor use.
- Do not use lights with worn, exposed, or frayed wires.
- Follow manufacturer's guidelines.
- Do not overload outlets.
- Turn off holiday lights before you go to bed or leave the house.

Candles

- Keep candles at least one foot away from anything flammable.
- Never leave a lit candle unattended.
